

Making Connections

For each of the different tree branches (highlighted shapes or apples), write, or draw, your answer to each of these sentences:

Something which makes me happy, Something which makes me sad, A very early memory, The most important person in my life is..., My favourite story is..., I like the story because..., The best thing about coming to Cubs is..., The highlight of the year for me is...

After completing this, ask each of the Cub Scouts to reflect on their answers that are important to them as individuals.
